IIJS

PREMIERE SHOW

IIJS – THE PREMIERE SOURCING HUB

The IIJS is the GJEPC's flagship exhibition that is recognised as being among the top five trade shows in the world. The IIJS is a premiere meeting ground for the entire Indian gem and jewellery trade. It's the place where one can source cutting-edge jewellery designs, an array of the finest quality loose gemstones and diamonds, state-of-the-art machinery and technology.

IIJS draws nearly 35,000 domestic and international visitors each year, and the show is a testament to India's expanding leadership position in the gem and jewellery sector.

Retailers, wholesalers, distributors, designers, students and others visit the IIJS to stock up on exclusive jewellery inventory, source precious and semi-precious colour gemstones and keep a finger on the pulse of the current market trends.

While India has been known for its handcrafted jewellery traditions for centuries, it is well on its way to becoming a jewellery manufacturing hub for the rest of the world. Great strides have been made through the deployment of technology-driven methods like computer-aided designing and now 3D manufacturing – all of which will be on display at IIJS.

Visit IIJS for an all-round enriching experience.

HIGH ON DESIGN AND INNOVATION

Signature IJJS is India's biggest destination for jewellery with a design-centric focus. The first show of the calendar year has become an indicator for upcoming jewellery trends for the rest of the year. The show is now widely acknowledged as the platform for experimenting with innovative techniques and ideas – and manufacturers take pride in flaunting their contemporary creations.

The exhibitors are India's top jewellery manufacturers and designers, who prefer to exhibit only at Signature IJJS for it allows intimate one-on-one meetings with clients. The ambience and the relaxed pace facilitates productive dialogue between the exhibitors and visitors.

Signature IJJS is the ideal networking platform for retailers, wholesalers and distributors looking to stock up inventory. The show expects 18,000 visitors from 55 countries and 325 cities within India. Signature IJJS welcomes all trade members to one of the world's most exciting markets.

IGJME

NURTURING GROUND FOR INNOVATION

Technology today plays a major role in every aspect of jewellery making. The use of the latest equipment and technology will be a crucial component of India's vision of becoming the leading jewellery hub in the world.

IGJME is the perfect channel for realising the 'Make in India' dream as it encourages value addition in the gem and jewellery sector. Cutting-edge technology enhances productivity and quality which is at par with international standards.

IGJME exhibitors showcase state-of-the-art jewellery manufacturing technology, including laser machines, computerised yield planning machines, advanced brutting lathes and diamond impregnated scaives. Visit IGJME to gain a deeper insight into the ever-changing world of gems and jewellery.
